

Vatoris Inc.

Vatoris is a New York company supplying mobile clinics, field hospitals, hospital software and infrastructure to militaries, health systems and governments.

Global infrastructure

- **Healthcare infrastructure.** Clinical facilities, field hospitals and hospital software.
- **Power and energy.** Generation, grid and backup equipment.
- **Telecommunications.** Project financing, hosting and connectivity.
- **Project financing.** Bank and export credit support for large programs.

Mobile clinics

One expandable trailer platform, configured around the clinical service. Buy, lease, rent or Vatoris-operated.

- **Imaging.** MRI, CT, PET/CT, mammography, X-ray, ultrasound.
- **Clinical care.** Primary care, dental, endoscopy, dialysis and more.
- **Diagnostics and screening.** Laboratories, workplace health and screening.

Field hospitals

Complete containerized hospitals for purchase: two operating rooms, 12 critical-care beds, CT, mobile X-ray and ultrasound.

Healthcare IT: Vatoris EHR

Hospital information system for every department, with PACS and RIS imaging, ERP and analytics. Cloud, on premises or both.

- 300 hospitals in 14 countries, including a national program in Gabon
- More than 15 million patients managed day to day
- Hospitals running it are validated at HIMSS Stage 6 and Stage 7

Other applications

Expandable units for motorsport, events, showrooms, offices, training, broadcast, incident command and field research.
